

the end is near pdf

The end time (also called end times, end of time, end of days, last days, final days, or eschaton) is a future time-period described variously in the eschatologies of several world religions (both Abrahamic and non-Abrahamic), which believe that world events will reach a final climax.. The Abrahamic faiths maintain a linear cosmology, with end-time scenarios containing themes of transformation ...

What would you do?...if you turned on the news and found out the end really is near and there is no way to prevent it? The comet is on a collision course with Earth... it's happened before... and too large to deflect, too large to blow up.

The End: The Book: The Series

In futures studies, human extinction is the hypothetical end of the human species. This may result from natural causes or it may be the result of human action.. The likelihood of human extinction in future by wholly natural scenarios, such as a meteorite impact or large-scale volcanism, is generally considered to be extremely low.. For anthropogenic extinction, many possible scenarios have been ...
