Adventure games have strong storylines with significant dialog, and sometimes make effective use of recorded dialog or narration from voice actors. This genre of game is known for representing dialog as a conversation tree. Players are able to engage a non-player character by choosing a line of pre-written dialog from a menu, which triggers a response from the game character.

What a great post! You have written an entertaining essay about the curious mind. I know â€œpursuit of knowledgeâ€” is a cliché but the reality of it, as you show here, involves the fun of a mystery (the unanswered question!), and adventure (going where you havenâ€™t gone before, discoveries along the way, an occasional SOS) and the enviable power of self-motivation (finding out is a ...

Adventure is a video game for the Atari 2600 video game console, released in late 1979â€”1980. In the game, the player controls a square avatar whose quest is to explore an open-ended environment to find a magical chalice and return it to the golden castle. The game world is populated by roaming enemies: three dragons that can eat the avatar and a bat that randomly steals and hides items ...
